1988 (illdate) and what are the reasons identified for the decline in the off-take of the controlled cloth;

(c) what is the percentage of decline in the production of controlled cloth by the mills under NTC as a result thereof and what is the extent of loss suffered by the mills on this account; and

(d) what action has been taken by Government to retrieve the situation?

THE MINISTER OF STATE IN THE MINISTRY OF TEXTILES (SHRI RAFIQUE ALAM): (a) to (c) Yes, Sir, the percentage of decline in the off-take of cotton controlled cloth during 1987-88 was 37 per cent as compared to the off-take in 1986-87. The production of controlled cloth has also declined in keeping with the decline in the movement of controlled cloth and has adversely affected the overall performance of the mills producing controlled cloth. The major factor accounting for decline in the offtake of controlled cloth during 1987-88 is the lack of financial resources of the State Marketing Federations through which NCCF sells this cloth.

(d) NTC and NCCF have taken steps to improve the marketing of controlled cloth.
